“ *You left us too soon Robert. Your dry humor, amazing computer knowledge and expert electrical knowledge will be missed. Couldn't help but think of all the electrical work you helped me with, first in Ionia and then up here in Newberry. We'll miss you Brother. The pain will lessen, but the empty ache will always be there.....*

“ *Bob and I worked together nearly 19 years. In this time I came to consider him a brilliant electrician, a knowledgeable mentor, and a good friend!
He could be hard on one at times, but it was because he pushed one to be the best they could be.
Bob was always quick to lend a hand when one needed help, sometimes even when refused.
I will miss most our lunches at his favorite restaurant, Penn Station.
Lunch there will never again be the same.
I will miss him. Rest in peace my friend.*

“ Bob would come in Ray Envelope to service our equipment while working for Pollard. All I can say is he was a great man. I always enjoyed his skills and always answered my questions with a smile. My condolences to Bobs family I am sure he will be missed.
