“ It still doesn't seem real that Aunt Kathy is gone. It feels like she left us far too soon, but I find comfort in knowing that she is now in the Lord's hands, surrounded by the peace and love she so freely gave to others throughout her life.

Kathy was like an aunt to me. Growing up, she was always there to offer guidance, encouragement, and sometimes the tough love I needed to stay on the right path. As a kid, I didn't always understand why she cared so much or why she pushed me to do better. But as I've gotten older, I've come to realize what a truly beautiful person she was. Everything she did came from a place of genuine love and a desire to see those around her succeed and become the best versions of themselves.

Her kindness, strength, and unwavering support left an impact that will stay with me forever. She helped shape the person I am today in ways I probably never thanked her enough for. The memories I have of her, the lessons she taught me, and the love she shared will always remain in my heart.

I will miss her dearly. While our hearts are heavy with grief, I pray we find comfort in knowing that this is not goodbye forever. One day, we will meet again. Until then, may we honor her life by showing the same compassion, generosity, and love that she showed all of us.

Rest in peace, Aunt Kathy. Thank you for everything. You will never be forgotten.

“ I am heartbroken over the loss of my cousin. Kathy was always the person in our family that stayed in touch. She loved her family. Our comfort is always absent from the body, present with the Lord. I will see her again one day and what a reunion we will have! Love always.....

“ I am so sorry for your loss. Although I wasn't family by blood, Kathy always treated me and my family like we were one of her own. Her kindness, generosity, and love for her family touched so many lives. She was the kind of person who would do anything for the people she loved and cared for. I will always remember how welcoming she always was and all the fun we shared through the years. She will be deeply missed, but the love and memories she gave all of us will never be forgotten. ❤️ The Redmans
